WINNERS OF THE 2021 PEOPLE'S CHOICE AWARDS

ICF Builder Magazine is proud to announce the winners of the 1st Annual 2021 People's Choice Awards. The 2021 People's Choice Awards were a new addition to the 16th Annual ICF Builder Awards, an event designed to honor the many fine projects built in the last five years using ICFs.

Inviting the public to vote in the People's Choice Awards was a new feature this year. Voting opened December 28, 2020, and ended January 8, 2021. The winners of the 2021 ICF Builder Awards and People's Choice Awards were announced on YouTube this year on January 20. One vote was counted per email address. Readers of ICF Builder Magazine, the greater construction community, and the general public were invited to vote for their favorite projects in the following categories:

- Small Residential: 3,000 square feet or less
- Large Residential: 3,001 to 6,000 square feet
- Unlimited Residential: Over 6,000 square feet
- Multi-Family: Duplex, Apartment, Hotels
- Light Commercial: Less than \$5 million
- Heavy Commercial: \$5 million or more
- Specialty Applications: Pools, Walls, etc.

We received a great response with 900 voters and 3,775 votes cast – a great first turnout! Five of the seven People's Choice Awards winners were ones that our ICF Builder Awards judges also chose as winners.

"The People's Choice Awards is a great way for the ICF community and greater public to engage in the ICF Builder Awards in a new way," said Vanessa Salvia, editorial director of ICF Builder Magazine. "We were thrilled by the number of people who participated in the People's Choice Awards, which was new to the awards ceremony this year and which itself was in a different format than in year's past. We are happy to announce the homes, buildings, and builders who were recognized as the best-of-the-best by the people."

When considering these stunning projects, the judges take into consideration the site conditions, complexity, creativity, and media exposure. Following are the winning projects in each category:
