WINNERS OF THE 2022 PEOPLE'S CHOICE AWARDS

ICF Builder Magazine is proud to announce the winners of the 2nd Annual 2022 People's Choice Awards. The People's Choice Awards were a new addition to last year's 16th Annual ICF Builder Awards, an event designed to honor the many fine projects built in the last five years using ICFs. Allowing the public to vote was continued for a second year for the 17th annual 2022 ICF Builder Awards.

The winners of the 2022 ICF Builder Awards and People's Choice Awards were announced at the World of Concrete trade show in Las Vegas, Nevada, on January 19. One vote was counted per email address. Readers of ICF Builder Magazine, the greater construction community, and the general public were invited to vote for their favorite projects. Voting was open for a span of two weeks.

"The People's Choice Awards is a great way for the ICF community and greater public to engage in the ICF Builder Awards in a new way," said Vanessa Salvia, editorial director of ICF Builder Magazine. "We were thrilled by the number of people who participated in the People's Choice Awards. We were also pleased that the public chose different projects for the most part than the judges did. This shows us that while we may have been looking at different things, there are a plethora of features that make all of these projects interesting and exciting."

When considering these stunning projects, the judges take into consideration the site conditions, complexity, creativity, and media exposure. Following are the winning projects in each category, followed by the brand of ICF blocks used in the project:

2022 People's Choice Awards winners

Small Residential: Burton House - Amvic

Large Residential: Endymion Guesthouse - Fox Blocks

Unlimited Residential: Pinnacle Peak - Fox Blocks

Specialty Applications: Landscape Retaining Wall - Fox Blocks

Pools: Bracebridge Pool - Nudura

MultiFamily: 30 UC - Logix

MultiFamily Low-Rise: Two On 1st Terraced Townhomes - Fox Blocks

Light Commercial: Delta Terra Campus - Amvic

Heavy Commercial: Maine Molecular Expansion - Amvic

Education: Cumberland Trace Elementary School - Nudura
